### Profile

I am an eager web design student at Eleven Fifty Academy who is exceptionally passionate about the study of technology. I am focused on achieving the objective set in front of me. I am equipped with entry level programming skills and web development knowledge. I have previously received a Bachelor's in Fine Art and is fully committed to seeking further knowledge in technological fields. Resilience is key when performing any task at hand. Always willing to learn from past experiences, I utilize them to enhance my performance with any project. I believe continuous learning drives and moves an organization moving forward.

### Education

Eleven Fifty Academy *JavaScript Course 2020*

Herron School of Art and Design *BFA in Printmaking 2017*

### Professional Experience

**IStore Expeditor, Half Price Books, 2018-2020**

In this role, I would gather the books ordered online in our store. I would then package them and have them ready to be deployed to their respective locations. Other obligations would include helping customers find a certain book in store and fill out orders over the phone.

- Managed online orders
- Mail online orders to their respective locations
- Inform HR about customer cancellations and refunds

**Substitute Auditor and Quality Inspector, Adidas Indy, 2018-2019**

At Adidas, I filled two positions. As the substitute Auditor, I carefully organized mass amounts of products to be completed. Then I would move the products to their designated locations to be shipped to the correct retail location. As an inspector, I passed or failed printed garments and aided my coworkers who operated the presses.

- Managed outgoing product
- Brought outgoing products to their shipping location
- Passed acceptable products and failed unacceptable products

**Shop Technician Assistant, Herron School of Art and Design, 2016**

I would do various tasks that benefited the shop such as cleaning silkscreens, scraping ink rollers, and cleaning printshop tools. My role was to aid anyone struggling with equipment and demonstrate how to utilize them properly.

- Teach incoming students printshop etiquette
- Clean workshop equipment
- Order and refill equipment

### Technical Skills

- Graphic Design (2 years)
- HTML (1 year)
- CSS (1 year)
- Adobe Indesign (1 year)
- Adobe Illustrator (1year)
- Adobe Photoshop (1 year)

- Node.js (<1 year)
- React (<1 year)
- PGAdmin (<1 year)
- GitHub (<1 year)
- Heroku (<1 year)
- Postgres Database (<1 year)

---

## Projects

### Personal Portfolio

<https://github.com/taylordickens17/dickenst.github.io/blob/master/index.html>

- This is my personal webpage that I have made at Eleven Fifty Academy. It has an about me, projects that I have worked on, a fully functional navigation bar, and a form submission to contact me directly.

### Ghibli API

<https://github.com/taylordickens17/api-project>

- An api that displays all Ghibli movie titles and descriptions on a styled card.

### Book Review App

<https://td-client-zebookreviewapp2020.herokuapp.com/>

- An app that allows a user to signup and login with a username and password. The app has password encryption ( bcrypt ) and session validation ( jwt ). The app then allows the user to log, update, and delete a book that that user has read. On the homepage, that user can view what other users have read as well.
-
